The Audacious Finance Partner Andrew Codd 2016-08-16 For anyone in the finance profession who feels they are not developing the critical skills to influence others and that their efforts are not getting recognized, The Audacious Finance Partner shows the quickest way to get tangible results for you and your organizations. Discover how to get to the right insights that deliver the most value; become a trusted advisor to the business and apply commercial teaching principles to combine influence with impact. These areas are not traditionally taught in finance courses or business schools; even though they are the skills employers and the next generation of leaders are calling out for. This book follows our main character who frustrated with his lack of success using traditional keeping-the-score approaches decides to push himself outside his comfort zone. He seeks out mentors who have found better and faster ways to develop the critical skills to influence and impact their organizations. Typical coaching and mentoring of these skills is time consuming and expensive, so the book's chapters have been organized as a dialogue between mentor and mentee. This means you get the accelerated experience and value from being immersed in real-to-life conversations that have been concisely distilled from other successful finance partners of large, medium and small organizations covering most major industries across the globe. The Audacious Finance Partner is useful for those who have entered or work in today's Finance world, from newly qualified accountants, graduates, MBAs to more seasoned finance managers and directors. Groups on the outside looking in: consultants, executives & others in leadership roles seeking to better understand finance business partnering can also expect to benefit. This book provides a solid platform to add value and translate valued insights for influence and impact. There are also further support materials and reference guides at the partner website www.afpsuccess.com. No longer feel disillusioned with the traditional keeping- the-score approaches to finance and accounting, instead learn a more meaningful way to make a difference, enjoy stimulating work and a successful career.

How to Make a TV Channel Daniel Hall 2020-10-10 How To Make Your Own TV Channel On Amazon Fire TV & Roku Without Being A Tech Genius What if you could reach millions of people with your video content with channels on Roku and Amazon Fire TV. How to make your channels look pro? The secret of making your channels look clean and inviting like Netflix, Disney Plus and Amazon Prime TV. The specific design method for your channels so they get lots of positive reviews and ratings. BONUS: Video tutorial so you can follow the instructions in the book and/ or watch the steps via video Buy this book NOW to launch your television channels on Roku and Amazon Fire TV so you can potentially reach millions of new viewers and introduce them to your video content. Pick up your copy today by clicking the "buy now" button at the top of the page.

Stuck Jonathan Hoffman 2012 There are many challenges that children with Asperger's syndrome (AS) will have to overcome to reach their highest potential. In order to help them progress in constructive ways, those who care for and about these children often need to make changes too, sometimes difficult ones. Stuck provides a roadmap for understanding and addressing the complexities of AS, especially the presence of obsessive-compulsive behaviors (OCBs) that so frequently complicate basic functioning for both the child and others involved in their lives. The more knowledge and skills that caregivers can gain about these issues the better. Whether you are a parent, an educator, or a healthcare professional that wants to increase their awareness about Asperger's syndrome and obsessive-compulsive behaviors, you can benefit from the useful concepts and practical, action-oriented activities presented throughout this book.

From Networks to Netflix Derek Johnson 2018-01-03 Even as the television industry experiences significant transformation and disruption in the face of streaming and online delivery, the television channel itself persists. If anything, the television channel landscape has become more complex to navigate as viewers can now choose between broadcast, cable, streaming, and premium services across a host of different platforms and devices. From Networks to Netflix provides an authoritative answer to that navigational need, helping students, instructors, and scholars understand these industrial changes through the lens of the channel. Through examination of emerging services like Hulu and Amazon Prime Video, investigation of YouTube channels and cable outlets like Freeform and Comedy Central, and critiques of broadcast giants like ABC and PBS, this book offers a concrete, tangible means of exploring the foundations of a changing industry.

The Anarchist's Guide to Grammar Val Dumond 2012-02-01 The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

Overseas Environmental Baseline Guidance Document Department Defense 2013-02-18 This Guide provides criteria, standards, and management practices for environmental compliance at DoD installations overseas.

Popular Science 1997-05 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Technically Involved Linda W. Braun 2003-08-11 "Instead of creating programs for teens, author and YA/technology advocate Linda Braun advocates working with teens to create library technology-related projects for them - and others. Technically Involved outlines some proven ideas to invite participation and channel teen interest in technology, giving teens

an opportunity to serve their community." "Explaining how and why to integrate technology into youth participation projects, Braun illustrates how libraries can open up possibilities for teens to initiate and develop activities on their own. Specific program suggestions and appendices provide details to involve teens at every step of the process and identify activities that meet teens' developmental needs. Filled with success stories, examples, and a wealth of potential teen-library technology programs, Technically Involved gives librarians a proactive tool for harnessing teen energy with technology for the library."--BOOK JACKET.

Introduction to Salesforce Analytics - Building Reports and Dashboards Steve Wasula 2012-07-01 This book is designed to accompany the Introduction to Salesforce Analytics - Building Reports and Dashboards class offered by Stony Point. A person reading this book or a student in this class will to build reports and dashboards utilizing basic and advanced concepts. Although the book is designed as a supplement to the class, it contains valuable exercises that will be useful for someone wishing to learn on their own. This online, five hour class is delivered by a live instructor and is specifically designed to teach administrators, business analysts or report writers how to utilize the basic and advanced analytic capabilities of Salesforce. A student in this class or reading this workbook will learn the basic Salesforce object model, and how to create and secure reports and dashboards. The instructor will lead students through exercises to create tabular, summary, matrix and join reports. Students will learn advanced reporting functionality such as charting, report summary fields, bucket fields, conditional highlighting, advanced report filters and building custom report types. Finally, the student will learn how to create and run dashboards and schedule and email reports and dashboards. Each student will be given a practice learning environment to participate in hands-on exercises during the class. The student will be able to use that learning environment indefinitely after the class without any additional fee. Stony Point is a leading provider of Salesforce training for sales people, customer service personnel, marketers, system administrators, developers and consultants. Stony Point delivers public and private classes virtually and in-person at locations throughout the world. Please visit www.stonyp.com for more information on the classes and services offered.

Original. (Beginner)

Positive Thinking 101 Clara Taylor 2015-07-24 Life is full of challenges. There are times when you will feel like you've done everything to the best of your ability, but in the end, it still didn't work. Have you ever wondered why? Was it because life is unfair, or was it because you were actually "expecting the worst"? Have you considered expecting the best instead? You may think, "Of course, I considered great things to happen!" but science says otherwise. People who are preparing for something are found to be thinking more of the bad things that could happen than the positive outcomes. More often than not, thinking about unfortunate events actually make it happen. Hoping that you will not be late for a meeting will cause you to be late. Thinking of saying a complex sentence inappropriately actually makes you tongue-tied. Do you know why? It is because your thoughts have the power to change things and events. In this book, you will learn how to master positive thinking by learning about the power of thought and the Law of Attraction. With these core principles, this book will teach you ways on how to think positively by hacking your body, your speech, and your actions. You will know about scientific studies that proved the benefits of positive thinking. You will also be introduced to the successful life teachers who used positivity to become successful. Finally, you will be provided with step-by-step guides on how you can do it yourself. You are on your way to becoming a positive person who will enjoy living a good life by spreading the positive vibrations to the world! After downloading this book you will learn... Chapter 1: The Power of Thought Chapter 2: Mind over Body: The Power of Expectation Chapter 3: Mind over Matter: The Power of Intention Chapter 4: Mind over Society: The Power of Mental Communication Chapter 5: The Law of Attraction Chapter 6: Become a Positive Thinker: Start with Your Body Chapter 7: Become a Positive Speaker Chapter 8: Become a Positive Doer And Much, much more!

Buck Rogers in the 25th Century: A TV Companion (Hardback) Patrick Jankiewicz 2015-11-30 This is the HARDBACK version. Buck Rogers in the 25th Century (1979-1981) premiered on American television in September 1979. The story followed a twentieth century astronaut revived after 500 years of suspended animation to become Earth's greatest hero. Created by Glen A. Larson and Leslie Stevens, the new series starred Gil Gerard, Erin Gray, and Felix Silla. Gerard looked to the past to prepare for his future production. As Executive Producer of another science fiction series, *Battlestar Galactica* (1978-1979), the early cancellation of the failed series left him with a quasar of props, costumes, sets, special effects film footage, and even a rejected model spacecraft designed by Ralph McQuarrie. He hit on the idea of recycling the artifacts into a less showy series that premiered to the delight of audiences. Viewers thrilled to a seemingly endless parade of notable guest stars, such as Henry Silva, Joseph Wiseman, Jack Palance, Roddy McDowall, John P. Ryan, Richard Lynch, Cesar Romero, Frank Gorshin, Julie Newmar, Jamie Lee Curtis, Vera Miles, Sam Jaffe, William Smith, Sid Haig, Jerry Orbach, Richard Moll, Ray Walston, Gary Coleman, Amanda Wyss, and Mary Woronov. Join Buck and the galaxy's most beautiful women in a richly researched work that soars at light speed beyond other Buck Rogers books with: Foreword by actress Erin Gray A complete episode guide Interviews with the full regular cast and crew Actors that portrayed characters such as The Space Vampire, The War Witch, and The Satyr tell all about working on the series. Discover a never before explored nebula of back stories: How a nervous film student with no credits wound up directing an episode Which future US President was a friend of Gil Gerard and hosted the premiere Which Buck Rogers guest star was murdered and immediately played in a TV movie by another BUCK ROGERS guest? Why Buck Rogers went to war with his own show's writers Which Buck Rogers guest became a director and discovered Julia Roberts Why Dr. Theopolis and nuclear hellhole Anarchia were cut from the show How Sid Haig appeared in four episodes, even though he died in the first two Patrick Jankiewicz is the author of *You Wouldn't Like Me When I'm Angry: A Hulk Companion*, and *Just When You Thought It Was Safe: A Jaws Companion*

Home Hacking Projects for Geeks Anthony Northrup 2004-12-16 Presents step-by-step instructions for a variety of projects to create a high-tech home, including a pet monitor, a security system, a keyless entry, and a Linux-based home theater.

Javascript Daniel Jones 2017-08-02 3- Informative Books in one Bundle! The Most Comprehensive JavaScript Beginners Guide on the Market! Have you ever wondered what allows people to be able to see different things on different websites? The answer is simple: JavaScript. Many websites are written in JavaScript so that you can be able to see what they are all about and what is going on in each of the sites. It is a language that can be written in many different formats so that different websites can use it for different purposes. JavaScript is able to do everything from creating a website to adding buttons and even disabling the ability to click on a button unless an option is chosen. While JavaScript is a multilayered language that will take some time to learn all of the levels of, the basics are quite simple. You can learn how to begin writing JavaScript by knowing only the basics, and you can build on your knowledge of the basics and what you initially learned. To get started with writing JavaScript, all you need to do is learn the beginning process. It is easy for you to do this if you have the right tools. This book will act as a way for you, as a beginner, to learn the process of JavaScript. While it will teach you some of the simplest JavaScript codes, it will not be overwhelming with codes. Instead, it will teach you what you need to know before you become a JavaScript expert and before you make the decision to truly dive into it. If you are ready to learn about JavaScript, what it can do and how you can get started, start this book right away. When you are finished, check out some of the other books in this series to learn more JavaScript codes and how to become a true professional who is great at writing JavaScript and can do more than you ever thought possible. Follow the series on an easy way to become a JavaScript expert! Sail Past the Beginners Level with these valuable tips! JavaScript is a language that you will always be able to learn more about and always be able to expand your knowledge of. Once you have learned the very basics of it, you should work to make sure that you are trying to find out as much as possible. JavaScript can be very rewarding, and you will need to be able to do as much as possible with it if you want to get the most benefit out of it. The tips and tricks that are contained in this book will give you some insight into what JavaScript is really capable of and what you can actually do with it if you learn as much as possible about it. There is a lot to learn, and you will be able to reap all of the benefits from JavaScript if you follow this book. The tips and tricks are designed not only to show you how to use the codes to build a beautiful interactive website but to also wow all of your visitors with everything that you have to offer on the website. Reading the book will not make you a JavaScript expert, but it will have you well on your way to being one. Read on for some of the best tips that are available and how you can make them work when you are trying to learn JavaScript in the easiest and most efficient way. **JavaScript-Simple and Effective Strategies:** JavaScript isn't necessarily a simple language or a simple code to learn, but there are some very simple strategies that will get you to where you want to be with your JavaScript career. Following these strategies will allow you the chance to make sure that you are getting the most out of the JavaScript experience and the learning process that comes from it. Grab this 3-book bundle Today!

Richard Bangs Adventures with Purpose Richard Bangs 2010-10-22 Running such wild rivers as the crocodile-infested Tekave in Ethiopia, Richard Bangs used to lived for the adrenalin, for the rush of reveling in the misery of hardship and sidestepping death around every bend. Now a respected conservationist, he still travels to demanding exotic environments, but with a new, more sober objective: he wants to save these special places. Bangs' personal experiences of ""witnessing many special places preserved and lost"" led him to write *Adventures with Purpose*, and the book follows the author to Bosnia, Libya, Panama, the American West, Rwanda, Thailand, and more as he seeks out disappearing cultures, peoples, habitats, and ecosystems particularly rivers so that he can show readers that the loss of these special places will be a catastrophe. Written in the vivid, intimate style that made his earlier books both critical and commercial successes, *Richard Bangs Adventures with Purpose* is an unforgettable composite portrait of a world in peril and an inspiring guide to rescuing it.

The Feminine Intention Dawn Todd 2014-01-03 It seems that women have powerfully moved into the masculine way of achievement in order to fit in and to be taken seriously. Now a shift is going on -- a swing back to the feminine -- and the feminine energy is coming back to dominance as it reaches out for balance. As women, we often judge ourselves and our success on an old, outdated version of what other people think life should look like. If you're ready to stop trying to fit into the mold of a man's world and you are ready to create and manifest as the powerful woman you are, then you are in the right place at the right time. Do you know that you are a brilliant feminine leader and the world is waiting for YOU and your unique gifts? Your opportunity awaits - everything depends on this moment, and you stepping into your brilliant feminine leadership! This book will empower you to embrace your powerful feminine energy, let go of the old beliefs and lies that women have believed for generations, and become the intentional feminine leader that you are meant to be!

Action! Ian Thomas Healy 2012-05-01 This book gives writers pointers and guidelines on how to improve their action scenes by implementing some of the same kinds of techniques used in film-making. Loaded with new terminology and definitions, an introduction to the basic concepts of an Action Scene, and application of the concepts, this book gives writers the tools to write their own expert-level action scenes! KAPOW! BANG! ZOOM!

Backwards the Drowned Go Dreaming Carl Watson 2012-04-01 "Amongst the oil fumes and the briny dinge of the sea, greasy, tired, frustrated, I had a flash. Suddenly, I had it all figured out-the psychology of despots and CEOs. I figured that in order for civilization to exist, people have to stay in one place, and so it seems somehow natural that the evolution of society would be to create an illusion of motion where none exists. Faster cars. Faster editing. Increased sensory stimulation. But all the while we are actually sitting more and more still. The population is placated by the feeling of progress, when in reality they are imprisoned. Even if we feel or strive to be utterly irresponsible, we're still somehow doing our job." Carl Watson evokes his desolation angels with great empathy and care, but also with ruthless candor. He writes like someone who pushed himself to the wall, then pushed through it to the void and came back with stories to tell. Here he reclaims the Seventies, one of the more desolate of recent epochs, with the clarity of Proust, the balefulness of Bodenheim, and the raw honesty of an Iggy song. -John Strausbaugh, author of "Black Like You" and "Sissy Nation" "CW writes like he put his thumb in the air on some two-lane American highway that used to be an Indian Trail, where he got picked up by God. Like he has come back to the fire in the woods we have gathered around at the end of the world with our loved ones to tell us what he saw. -Andrew Huebner, author of "We Pierce," "American By Blood" and "East of Bowery" With prose unfurling like cigarette smoke bleeding into that cloud of half-forgotten memories forever shadowing missed opportunities that hangs over a noontime dive somewhere during the twilight of the last blown century, heartbreak rock-n-roll on the radio crackling in exquisite precision between am stations and windswept interstates, Carl Watson daydreams before silent black-and-white televisions in SRO lobbies or as he drinks himself sober in crumbling Chicago tenements. "Backwards the Drowned Go Dreaming" explodes the bleary-eyed myth of the American road. -Donald Breckenridge, author of "This Young Girl Passing" Carl Watson's work is desolate poetry. He writes with sharp nostalgia for a past that really wasn't all that great. It feels like a stay in a down-and-out motel, but right on the other side of the paper-thin wall is transcendence. Watson never lets you forget that even in the most desperate situations, there is humor (even if it's mostly black) and greatness of the spirit. -Emily XYZ, "United States of Poetry"

Real Value New Ways to Think About Your Time, Your Space & Your Stuff John Odalen 2016-03-10 Do you feel overwhelmed by all the stuff in your home? Is your home office a messy file drawer of papers? Do you want to get organized, but you do not know where to start? This book will help you look at your stuff differently and put you on the right track to get organized and stay organized, so you can better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff.

TV Development Guide Stephanie Varella 2019-01-14 This is THE ONLY BOOK on TV Development and how an idea becomes a TV show. The "TV Development Guide: How an Idea Becomes a TV Show" is perfect for anyone thinking about getting into the TV business, just starting out or already in it and looking for some insight and guidance for their projects. It's a step-by step guide to understand the TV business, how TV development works which includes how to develop your idea, script development, pitching, strategies on selling your show, and much, much more.

The DUH! Book of Management and Supervision Gerri King 2014-02-25 Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace.

Windows 7 Inside Out Ed Bott 2009-09-23 You're beyond the basics, so now dive in and really put your PC to work! Stories from the Streets Kathy Stutzman 2015-06-05 Stories From The Streets is a compilation of stories about the street children served by Street Girls Aid in Accra, Ghana. The powerful and inspirational success stories showcase what it is like to live in the heart of West Africa and how the individual's resilience to survive combined with the support of Street Girls Aid helped transform their confidence, dreams and their future. This book is a passionate celebration of Street Girls Aid, Ghana, whose mission is "serving street children - impacting generations." It is also a unique tribute to the success of the many children, girls and young women whose stories are presented. The twenty inspiring stories shared, represent the many thousands of children who have gone through the Street Girls Aid's programs, and represent the twenty years that Street Girls Aid has consistently served children on the street. Stories From The Streets brings together a careful selection of relevant information, lessons learned and for organizations already working in the field of vulnerable children, or those yet to do so, a guide for their project implementation. This book has intentionally moved away from dwelling on the many challenges facing the street children and rather, concentrates on the successes. After reading this book, readers will have gained a broader perspective of issues and the realities of street children. A portion of the proceeds from the sale of this book will create an on-going source of income to support the next 20 years of Street Girls Aid mission, "Serving Street Children - Impacting Generations."

e-Business and Telecommunications Mohammad S. Obaidat 2011-03-07 This book constitutes the refereed proceedings of the 6th International Joint Conference on e-Business

and Telecommunications, ICETE 2009, held in Milan, Italy, in July 2009. The 34 revised full papers presented together with 4 invited papers in this volume were carefully reviewed and selected from 300 submissions. They have passed two rounds of selection and improvement. The papers are organized in topical sections on e-business; security and cryptography; signal processing and multimedia applications; wireless information networks and systems.

E-Commerce and Web Technologies Heiner Stuckenschmidt 2015-12-29 This book constitutes the revised proceedings of the 16th International Conference on Electronic Commerce and Web Technologies (EC-Web) held in Valencia, Spain, in September 2015. The 10 full papers included in this volume were carefully reviewed and selected from 28 submissions. The papers are organized in topical sections on recommender systems, multimedia recommendation, social and semantic web; and process management.

Secrets of the Selection Committee Coover 2016-01-05 Why don't your proposals win? Why do your presentations fail? Would you like to know what really happens to your proposals after they are submitted and what selection criteria are used to evaluate your submittals? This book will show you what goes on behind those closed doors and it explains the many factors that can influence the final outcome. Over 40 "secrets" are revealed to help you sell yourself and better understand your chances for success. Actual evaluation criteria from numerous government agencies are also included so you can see exactly what they typically look for. Secrets of the Selection Committee contains valuable insights, tips, and recommendations for improving your writing and presentation skills using lessons learned from real proposals and presentations, plus better ways to tailor your experience to sell your qualas and your story to the Selection Committee.
