Wild Things Stephen James 2011-07-14 Playing off the themes in the Caldecott Medal-winning children's book *Where the Wild Things Are*, this informative, practical, and encouraging guide will help parents guide boys down the path to healthy and authentic manhood. *Wild Things* addresses the physical, emotional, and spiritual parts of a boy, written by two therapists who are currently engaged in clinical work with boys and their parents and who are also fathers raising five sons. Contains chapters such as "Sit Still! Pay Attention!" "Deficits and Disappointments," and "Rituals, Ceremonies, and Rites of Passage."

The Good Sleeper Janet Krone Kennedy 2015-01-20 A clinical psychologist who developed a Sleep Disorders Treatment Program at the Manhattan Veterans Affairs Medical Center uses her years of experience to help new parents train their infants to become great sleepers through proven methods and practices. Original.

Healthy Sleep Habits, Happy Twins Marc Weissbluth 2009 One of the country's leading researchers updates his revolutionary approach to solving--and preventing--your children's sleep problems Here Dr. Marc Weissbluth, a distinguished pediatrician and father of four, offers his groundbreaking program to ensure the best sleep for your child. In *Healthy Sleep Habits, Happy Child*, he explains with authority and reassurance his step-by-step regime for instituting beneficial habits within the framework of your child's natural sleep cycles. This valuable sourcebook contains brand new research that - Pinpoints the way daytime sleep differs from night sleep and why both are important to your child - Helps you cope with and stop the crybaby syndrome, nightmares, bedwetting, and more - Analyzes ways to get your baby to fall asleep according to his internal clock--naturally - Reveals the common mistakes parents make to get their children to sleep--including the inclination to rock and feed - Explores the different sleep cycle needs for different temperaments--from quiet babies to hyperactive toddlers - Emphasizes the significance of a nap schedule - Rest is vital to your child's health growth and development. *Healthy Sleep Habits, Happy Child* outlines proven strategies that ensure good, healthy sleep for every age. Advises parents dealing with teenagers and their unique sleep problems "From the Trade Paperback edition.

Parenting Beyond Pink & Blue Christia Spears Brown 2014-04-08 A guide that helps parents focus on their children's unique strengths and inclinations rather than on gendered stereotypes to more effectively bring out the best in their individual children, for parents of infants to middle schoolers. Reliance on Gendered Stereotypes Negatively Impacts Kids Studies on gender and child development show that, on average, parents talk less to baby boys and are less likely to use numbers when speaking to little girls. Without meaning to, we constantly color-code children, segregating them by gender based on their presumed interests. Our social dependence on these norms has far-reaching effects, such as leading girls to dislike math or increasing aggression in boys. In this practical guide, developmental psychologist (and mother of two) Christia Spears Brown uses science-based research to show how over-dependence on gender can limit kids, making it harder for them to develop into unique individuals. With a humorous, fresh, and accessible perspective, *Parenting Beyond Pink & Blue* addresses all the issues that contemporary parents should consider—from gender-segregated birthday parties and schools to sports, sexualization, and emotional intelligence. This guide empowers parents to help kids break out of pink and blue boxes to become their authentic selves.

Knights in Training Heather Haupt 2017-05-30 Bringing chivalry back into our modern-day world, this book shows us how to inspire today's generation of young boys to pursue honor, courage, and compassion. In an age when respect and honor seem like distant and antiquated relics, how can we equip boys to pursue valor and courageously put the needs of others before their own? This book helps parents to inspire their boys by captivating their imagination and honoring their love for adventure. Heather Haupt explores how knights historically lived out various aspects of the knights' Code of Chivalry, as depicted in the French epic *Song of Roland*, and how boys can embody these same ideals now. When we issue the challenge and give boys the reasons why it is worth pursuing, we step forward on an incredible journey towards raising the kind of boys who, just like the knights of old, make an impact in their world now and for the rest of their lives.

It's Never Too Late to Sleep Train Craig Canapari, MD 2019-05-07 From a leading pediatric sleep physician comes a revolutionary program that will have everyone in the house sleeping through the night. When Dr. Craig Canapari became a father, he realized that all his years of 36-hour hospital shifts didn't even come close to preparing him for the sleep deprivation that comes with parenthood. The difference is that parents don't get a break—it's hard to know if there's a night of uninterrupted sleep anywhere in the foreseeable future. Sleepless nights for kids mean sleepless nights for the rest of the family—and a grumpy group around the breakfast table in the morning. In *It's Never Too Late to Sleep Train*, Canapari helps parents harness the power of habit to chart a clear path to high-quality sleep for their children. The result is a streamlined two-step sleep training plan that focuses on cues and consequences, the two elements that shape all habits and that take on special importance when it comes to kids' bedtime routines. Dr. Canapari distills years of clinical research and experience to make sleep training simple and stress-free. Even if you've been told that you've missed the optimal "window" for sleep training, Dr. Canapari is here to prove that it's never too late, whether your child is 6 months or 6 years old. He's on your side in the battle against bedtime, and with his advice, parents and children alike can expect a lifetime of healthy sleep.

Healthy Sleep Habits, Happy Child Marc Weissbluth 2005 A distinguished pediatrician and leading researcher in the field of sleep and children outlines his groundbreaking, step-by-step program to help parents ensure a good night's sleep for their children by working with their natural sleep cycles, explaining why adequate rest is essential in optimizing a child's health and development. Originally in paperback.

Moms on Call Basic Baby Care Laura A. Hunter 2012-05-30 Baby care book for parents of babies 0-6 months

What to Do When You're Having Two Natalie Diaz 2013-12-03 Revised and updated in 2020 The creator of Twiniversity delivers an essential update to her must-have manual to having twins, now with expanded info on twin pregnancy and tandem breastfeeding, and advice on the best gear to help save your sanity. With almost two times as many sets of twins today as there were forty years ago, *What to Do When You're Having Two* has quickly become the definitive resource for expectant and new parents of multiples. A mom of fraternal twins and a world-renowned expert on parenting multiples, author Natalie Diaz launched Twiniversity, the world's leading global resource for twin parenting information and support online. Now, with her expanded edition of *What to Do*, she includes new information on breastfeeding, gear, sleep, and having two when you already have one, as well as: • creating your twin birth plan, • maintaining a realistic sleep schedule, • managing tandem breastfeeding, • stocking up on what you'll need (and knowing what high-tech products are now available and what's a waste of money), and • building a special bond with each of your twins. Accessible, informative, and humorous, *What to Do When You're Having Two* is the must-have manual for every parent of twins.

Sleep, imparts effective, accessible, and flexible strategies based on years of research that will dramatically improve your child's sleep. You'll love the practical solutions and the way she presents them. And it works! Buy it now.

Helping Your Child Sleep Through the Night Joanne Cuthbertson 1985 Offers advice to parents on how to promote good sleeping habits in children and solve the sleeping problems from infancy to five years old

*Sh*tty Mom* Laurie Kilmartin 2012-09-01 "Nearly criminally funny . . . carries a powerful message to all parents, but especially moms, that distilled to its essence is this: chill." —Time *Sh*tty Mom* is the ultimate parenting guide, written by four moms who have seen it all. As hilarious as it is universal, each chapter presents a common parenting scenario with advice on how to get through it in the easiest and most efficient way possible. With chapters such as How to Sleep Until 9 A.M. Every Weekend and When Seeing an Infant Triggers a Mental Illness That Makes You Want to Have Another Baby, as well as a *Sh*tty Mom* quiz, this is a must-have, laugh-out-loud funny book for the *sh*tty* parent in all of us. "A totally hilarious and uncensored look at some of the impossible situations we mothers find ourselves in." —The Bump "As the attachment parenting craze has hit a zenith in American culture, four very funny moms—comedy writers, TV producers, and a novelist—blast open a long-locked safe filled with frustrations faced by all modern mothers, with sympathetic and sharp humor . . . The authors' unfiltered candor is a welcome reminder for readers that they're not alone." —Publishers Weekly (starred review) "Hilariously entertaining. A must-read survivor's guide for every mother!" —Christy Turlington Burns, founder of Every Mother Counts "A long overdue little burst of honesty from the supposed minority of mothers who are, in fact, not that maternal . . . After a generation of supermoms one-upping each other in dead earnest on playgrounds and schoolyards, the emerging mass appeal of *Sh*tty Mom* is a welcome relief." —The New York Observer

The Happy Sleeper Heather Turgeon 2014 The science columnist for Babble.com and a Mommy and Me counselor challenges the practices of popular sleep methods to outline mindfulness-based techniques for helping both babies and their sleep-deprived caregivers to sleep in healthy ways. Original. 15,000 first printing.

Marc Weissbluth 2c Tr Box Set Marc Weissbluth 2004-10-01 Renowned pediatrician Marc Weissbluth offers peace of mind for parents with these two step-by-step guides—one with a program for a good night's sleep, the other on how to soothe a fussy newborn—now packaged together in this boxed set.

Sleep, Baby, Sleep Kerry Bajaj 2020-02-14 Sleep is Kerry Bajaj's superpower. Her daughters Leela, 5, and Rumi, 3, have slept at 7 pm since they were 7 months old. After moving to India with her husband Karan, Kerry's been bombarded with questions about their perfect sleep regimen. Find all her answers in *Sleep, Baby, Sleep: A Bedtime Routine* from 8 to 8. Kerry, who has studied infant and child sleep in the US, shows you how a little discipline and a lot of patience can help inculcate good sleep habits for a lifetime. Well-reasoned, intensively researched and tailored for Indian parents, *Sleep, Baby, Sleep* will transform the process of putting a child to bed.

The Baby Sleep Solution Suzy Giordano 2006-12-05 Suzy Giordano, affectionately known as "The Baby Coach," shares her highly effective sleep-training method in this step-by-step guide to let both baby and parent enjoy long, peaceful nights. Full of common sense and specific tips, the Baby Coach's plan offers time- and family-tested techniques to help any baby up to the age of 18 months who has trouble sleeping through the night. Originally developed for newborn multiples, this sleep-training method worked so well with twins and triplets that families with singletons and older babies began asking Suzy to share her recipe for success, resulting in: regular feeding times; 12 hours' sleep at night; three hours' sleep during the day; peace of mind for parent and baby; and less strain on parents - and their marriage. This edition includes a new chapter on implementing the program with babies up to 18 months.

Healthy Sleep Habits, Happy Child, 5th Edition Marc Weissbluth, M.D. 2021-08-24 The perennial favorite for parents who want to get their kids to sleep with ease—now in its fifth edition, fully revised and updated, with a new step-by-step guide for a good night's sleep. With more than 1.5 million copies in print, Dr. Marc Weissbluth's step-by-step regimen for instituting beneficial habits within the framework of your child's natural sleep cycles has long been the standard-setter in baby sleep books. Now with a new introduction and quick-start guide to getting your child to sleep, *Healthy Sleep Habits, Happy Child* has been totally rewritten and reorganized to give tired parents the information they need quickly and succinctly. This new edition also includes the very latest research on the importance of

- implementing bedtime routines
- practicing parental presence at bedtime
- recognizing drowsy signs
- the role of the father as an active partner in helping the child sleep better
- overcoming challenges families face to help their child sleep better
- different cultural sleep habits from around the world
- individualized and nonjudgmental approaches to sleep training

Sleep is vital to your child's health, growth, and development. The fifth edition of *Healthy Sleep Habits, Happy Child* gives parents proven strategies to ensure healthy, high-quality sleep for children at every age.

Caring for Your Baby and Young Child Steven P. Shelov 2009 A latest edition of a best-selling reference features a new design and expanded information on the preschooler years, in a guide that covers topics ranging from infant care and food allergies to sleeping habits and autism. Original.

French Children Don't Throw Food Pamela Druckerman 2013 The book everyone is talking about: how the French manage to raise well-behaved children, and have a life! Who hasn't noticed how well-behaved French children are, compared to our own? How come French babies sleep through the night? Why do French children happily eat what is put in front of them? How can French mothers chat to their friends while their children play quietly? Why are French mothers more likely to be seen in skinny jeans than tracksuit bottoms?

Healthy Sleep Habits, Happy Twins Marc Weissbluth, M.D. 2009-06-09 From one of the nation's most trusted experts on children's bedtime and nap time comes a new guide for sleep-training twins so that everybody (including Mom and Dad) will be rested and happy! As parents of twins and multiples know, double the fun can be double the sleep deprivation. Now, in *Healthy Sleep Habits, Happy Twins*, beloved pediatrician and renowned sleep authority Dr. Marc Weissbluth combines specialized advice for parents of twins with his tried-and-true sleep-training methods to show exhausted moms and dads how to get their babies to sleep on their own, stay asleep, and sleep regularly. This essential step-by-step guide to establishing good sleep patterns reveals how to build healthy habits in twins' natural slumber cycles, including

- how healthy sleep differs from "junk" sleep, plus a helpful tutorial on the techniques of sleep training for new parents
- the five ingredients of healthy sleep, and why daytime sleep is different from nighttime sleep but equally important to good health
- why it's crucial for babies to master the ability to fall asleep unassisted, without protest or crying, and how to help them do so
- essential tips for synchronizing your twins' sleep schedules, plus information about how twins sleep best—when to keep them together, and when it's time to separate them
- how to recognize early drowsy cues in your babies so you can catch the sleep wave before it turns into nervous energy that will keep them awake

Sleep-training twins presents a unique set of challenges. This invaluable guide will not only get your babies to sleep through the night but help you stay healthy and rested so you can enjoy the many blessings of having more than one!

Your Fussy Baby Marc Weissbluth, M.D. 2009-04-02 If your new baby cries inconsolably for many hours a day, take heart. The soothing help you need is here. Renowned pediatrician Dr. Marc Weissbluth knows firsthand how stressful life can be for a sensitive, fussy newborn—not to mention the child's frantic, exhausted parents. His own firstborn, like more than a fifth of all babies, was a colicky child, causing him and his wife to suffer many sleepless nights. *Your Fussy Baby* is Dr. Weissbluth's gift to other sorely tired mothers and fathers, written to help them comfort their newborns without disrupting their own lives. Even extreme fussiness, he says, is not dangerous and usually stops when the child is about four months old. In the meanwhile, however, life can be tough for the whole family. But whether your baby cries for as long as eight hours a day, suffers from gas, refuses to sleep, or all of the above, *Your Fussy Baby* will gently guide your little one—and you—through this mysterious phase of infant growth. Inside you will discover

- Why your baby cries so much: The most up-to-date research, including some fascinating possibilities that researchers are just beginning to explore.
- Dangerous myths about fussiness: Facts and fiction about diet, mothering, proper medications, and much more that even your pediatrician may not know.
- The emotional effects: Avoiding the guilt, anxiety, and frustration that having a fussy baby so often stirs up.
- What to do when your baby fusses: Specific recommendations for what parents can do to minimize the distress that prolonged crying causes the whole family.
- Expert, step-by-step advice on establishing healthy sleep habits for your baby. With this reassuring, down-to-earth guidance, you can help your fretful, fussy newborn to become the sweet, happy baby he or she was meant to be.

The No-Cry Sleep Solution Enhanced Ebook Elizabeth Pantley 2013-08-02 Elizabeth Pantley's breakthrough approach for a good night's sleep with no tears, enhanced with videos of the author answering parents' most asked questions! This enhanced eBook includes 14 exclusive videos by the author "At long last, I've found a book that I can hand to weary parents with the confidence that they can learn to help their baby sleep through the night—without the baby crying it out." --William Sears, M.D., Author of *The Baby Book* "When I followed the steps in this book, it only took a few nights to see a HUGE improvement. Now every night I'm getting more sleep than I've gotten in years! The best part is, there has been NO crying!" --Becky, mother of 13-month-old Melissa There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. If you don't believe in letting your baby cry it out, but desperately want to sleep, there is now a third option, presented in Elizabeth Pantley's sanity-saving book *The No-Cry Sleep Solution*. Elizabeth's successful solution has been tested and proven effective by scores of mothers and their babies from across the United States, Canada, and Europe. And now in response to weary parents asking for a little more guidance, Elizabeth

has created fourteen brand-new videos exclusive to this enhanced ebook. Each of these three- to four-minute videos appears at the end of their specific chapter, summarizing what you have learned for quick recall or for those desperate moments when you've run out of ideas and need advice ASAP! Elizabeth gives you words of wisdom, tricks and tips, and soothing mantras, all that will help you get your baby sleeping. Tips from The No-Cry Sleep Solution: Uncover the stumbling blocks that prevent baby from sleeping through the night Determine—and work with—baby's biological sleep rhythms Create a customized, step-by-step plan to get baby to sleep through the night Use the Persistent Gentle Removal System to teach baby to fall asleep without breast-feeding, bottlefeeding, or using a pacifier The No-Cry Sleep Solution offers clearly explained, step-by-step ideas that steer your little ones toward a good night's sleep—all with no crying.

Healthy Sleep Habits, Happy Child Marc Weissbluth 2003

Healthy Sleep Habits, Happy Twins Marc Weissbluth 2010 With two or more babies to contend with - and half the parental energy to draw on - it's difficult to establish sleep schedules for multiples. But it's essential if the whole family is going to thrive. *Healthy Sleep Habits, Happy Twins* is a **ON BECOMING BABY WISE - 25TH A** Robert Bucknam, MD 2017-01-24 Distinguished pediatrician Dr Robert Bucknam, M.D. and co-author Gary Ezzo are two of the world's leading experts on baby sleep and feeding patterns. Millions of new mothers across the globe are coming toward this new brand at an increasing pace as they find and share the life changing success they are achieving with their newborns. This updated Anniversary edition celebrates 25 years with Bucknam and Ezzo's groundbreaking approach which has found favor with over six million parents in all 50 states and has been translated into 20 languages around the world. For 25 years, *On Becoming Babywise* has been the de facto newborn parenting manual for naturally synchronizing your baby's feeding time, waketime and nighttime sleep cycles, so the whole family can sleep through the night. In his 28th year as a licensed Pediatrician, Dr. Robert Bucknam, M.D. along with co-author Gary Ezzo, demonstrate how order and stability are mutual allies of every newborn's metabolism and how parents can take advantage of these biological propensities. In particular, they note how an infant's body responds to the influences of parental routine or the lack thereof. Early chapters start with explorations of everyday aspects of infant management such as the three basic elements of daytime activities for newborns: feeding time, waketime, and naptime. Practical discussions then focus on broad and niche topics including feeding philosophies, baby sleep problems, baby scheduling challenges, nap routines, sleep training multiples, baby sleeping props, Colic and Reflux and many other dimensions which impact breast feeding schedules, bottle feeding tips, and baby sleeping training. Five resource Appendixes provide additional reference material: 1) Taking care of baby and mom 2) A timeline of what to expect and when 3) Baby Sleep Training Problems and Solutions 4) Monitoring Your Baby's Growth 5) Healthy Baby Growth Charts *On Becoming Babywise* is more than an infant-management concept. It is a mindset for successful parenthood. It can help any parent develop a plan that meets both the needs of a new baby and of the entire family. These principles have worked for millions of parents and, when applied with common sense to your unique situation, can work wonderfully for you too! Recommended by doctors across the country.

Raising Happiness Christine Carter 2011 Drawing on what hard science says about the factors that breed happiness in childhood and beyond, here are 10 simple principles for fostering the skills and habits that will set the stage for optimism, emotional health, and confidence for kids.

The No-Cry Nap Solution: Guaranteed Gentle Ways to Solve All Your Naptime Problems Elizabeth Pantley 2009-12-31 Winner of Disney's iParenting Media Award for Best Product "Easy naptime solutions that really work—without any tears." Kathy Lynn, President, Parenting Today "Naps: Children need them. Parents want them. Here are the tools to make them happen." Maureen A. Doolan Boyle, Executive Director, MOST (Mothers of Supertwins), Inc. Does your child: nap only in your arms, a sling, a swing, or the car? require elaborate rituals before sleeping? get fussy, act cranky, or have tantrums due to lack of sleep? take very short naps—or none at all? Naps are important to a child's mood, well-being, and development. The No-Cry Nap Solution offers you a proven formula to allow your baby, toddler, or preschooler to get daily restorative rest. You'll learn gentle, loving, tear-free techniques, developed by world-renowned parenting expert Elizabeth Pantley and tested by hundreds of families around the world, guaranteed to help you: Convince any child to nap every day Effortlessly settle your child for naptime in his or her own bed Turn short, fitful naps into long, peaceful ones Establish a nap schedule that works for you and your child Easily adapt nap routines to your child's developing needs Confidently deal with sudden changes, nap strikes, and travel

Healthy Sleep Habits, Happy Child, 5th Edition Marc Weissbluth 2021 "The perennial favorite for parents who want to get their kids to sleep with ease—now in its fifth edition, fully revised and updated. With more than 1.5 million copies in print, Dr. Marc Weissbluth's step-by-step regimen for instituting beneficial habits within the framework of your child's natural sleep cycles has long been the standard-setter in baby sleep books. Now with a new intro, new forward, and a "Step-by-Step Program for a Good Night's Sleep." Totally rewritten and reorganized to give tired parents the information they need quickly and succinctly, this new edition also includes the very latest research on the importance of: implementing bedtime routines practicing parental presence at bedtime recognizing drowsy signs and the role of the father as an active partner in helping the child sleep better Weissbluth also incorporates fascinating insights into: the effects of ACEs (adverse childhood experiences) on sleep different cultural sleep habits from around the world and the importance of empathy and non-judgemental approaches to sleep training. Rest is vital to your child's health, growth, and development. The fifth edition of *Healthy Sleep Habits, Happy Child* gives parents proven strategies to ensure healthy, high-quality sleep for children at every age"--

Praise for *Healthy Sleep Habits, Happy Child* "I put these principles into practice—with instant results. Dr. Weissbluth is a trusted resource and adviser."—Cindy Crawford

The Essential Library for New Moms 4-Book Bundle Marc Weissbluth, M.D. 2012-08-27 Becoming a parent is, without question, a major life event. Caring for your new baby is at once exciting, joyful, and exhausting. Now to help with your bundle of joy is this bundle of four indispensable books. The Essential Library for New Moms gathers top experts to answer all your questions, from sleeping to eating to health and wellness. *HEALTHY SLEEP HABITS, HAPPY CHILD* Marc Weissbluth, M.D. In this perennial favorite, Dr. Marc Weissbluth, one of the country's leading pediatricians, shares his groundbreaking approach to solving and preventing your children's sleep problems, from infancy through adolescence. *Healthy Sleep Habits, Happy Child* is a step-by-step resource for instituting beneficial behaviors within the framework of your child's natural sleep cycles. It includes information on the prevention and treatment of sleep problems, ways to naturally get your baby to fall asleep, help for working moms and children with sleep issues, the benefits and drawbacks of allowing kids to sleep in "the family bed," and much more. *THE BABY FOOD BIBLE* Eileen Behan Family nutrition expert Eileen Behan posits that good nutrition and good eating habits start on day one. The *Baby Food Bible* features a guide to more than one hundred foods recommended for infants and toddlers based on the American Academy of Pediatrics guidelines, explains when to introduce these foods into a child's diet, and emphasizes the importance of setting healthy eating routines that center on family meals at the dining room table. You'll also learn how to avoid everyday pitfalls, such as relying on too much fruit juice or labeling your child a picky eater; decipher the many labels and ingredient lists at the grocery store; and prevent and treat common food-related issues, as well as discourage chronic disease. Featuring an

alphabetized index—from apples to zucchini—there's no better way to ensure your child will grow up to have a happy and healthy life! **INFANT MASSAGE** Vimala McClure In this renowned classic, Vimala McClure, founder of the International Association of Infant Massage, helps you master the techniques of infant massage so you can incorporate this joyful and wonderful healing art into your baby's life. She shows you how a daily massage benefits children—easing discomfort, releasing tension, helping premature infants gain weight, even improving breathing function in asthmatic children. Infant Massage also provides helpful hints on dealing with crying and fussing, guidance for teaching children about “good touch,” compassionate advice for foster and adoptive parents, and much more. **COLIC SOLVED** Bryan Vartabedian, M.D. For generations, doctors have been diagnosing babies with colic, offering little comfort and few solutions to worried, weary parents. But recent medical advances made through cutting-edge technology now reveal that many if not most cases are caused by acid reflux. In this revolutionary book, Bryan Vartabedian, a noted pediatric gastroenterologist and the father of two babies with acid reflux, provides hands-on, practical advice about this hidden epidemic—and how to make your own baby happy again. Complete with inspiring real-life cases of colic solved, plus tips and illustrations, this essential guide provides real answers to a problem that has been upsetting babies—and parents—for years. Help and hope are at hand!

The Sleepeasy Solution Jennifer Waldburger 2007-04 Teaches sleep-deprived parents how to define sleep goals that work for their family's schedule and style, helping them create a customized sleep planner for their child to ensure consistency with both parents as well as extended caregivers.

On Becoming Baby Wise Gary Ezzo 2001 "Discover the positive prescription for curing sleepless nights and fussy babies. Recommended by doctors across the country." - Back cover.

Sleeping Through the Night Jodi A. Mindell 1997 ...a child psychologist explains how parents can teach their baby or toddler to fall asleep and how parents and other members of the family can cope with the stresses a sleepless child can create.

The Happiest Baby on the Block Harvey Karp 2015 "Thousands of parents, from regular moms and dads to Hollywood superstars, have come to baby expert Dr. Harvey Karp to learn his remarkable techniques for soothing babies and increasing sleep. Now his landmark book—fully revised and updated with the latest insights into infant sleep, bedsharing, breastfeeding, swaddling, and SIDS risk—can teach you too!"--Back cover.

5 Days to a Perfect Night's Sleep for Your Child Eduard Estivill 2010-11-24 An international phenomenon now available in America for the first time, this quick, no-nonsense guide is all you need to get your child to sleep through the night (pillow not included). These days, most books on improving your child's sleep take either a tough-love approach (ignore crying) or a soothing strategy (offer continuous comfort). But now an internationally renowned sleep expert provides a middle-ground method that will have your child sleeping through the night at any age. Dr. Eduard Estivill's no-fail technique focuses on a mixture of authority, ritual, and reward. Parents can end negative cycles of resistance and wakefulness and feel as rested as their child will by following these expert tips: • Adopt a firm and confident attitude (your child will pick up on your mood). • Use meals as a cue to announce your child's next nap or nighttime sleep. • Incorporate appropriate elements (such as a stuffed animal or a pacifier) at bedtime so your child will not rely on you as a vital part of the sleep process. • Reinforce the contrast between light (day) and dark (night). • Never punish children by making them go to bed (it sends the wrong message about sleep time). • Learn what to say before—and after—the light is turned off. Complete with special techniques to use with newborns, plus an invaluable question-and-answer section that addresses specific concerns (children sleeping in their parents' bed, how divorced parents can work together, special-needs children), this sanity-saving guide promises sweet dreams for all.

Twelve Hours' Sleep by Twelve Weeks Old Suzy Giordano 2006-01-19 There is no bigger issue for healthy infants than sleeping through the night. In this simple, straightforward book, Suzy Giordano presents her amazingly effective "Limited- Crying Solution" that will get any baby to sleep for twelve hours at night—and three hours in the day—by the age of twelve weeks old. Giordano is the mother of five children and one of the most sought-after baby sleep specialists in the country. The Washington Post calls her a baby sleep "guru" and "an underground legend in the Washington area for her ability to teach newborns how to achieve that parenting nirvana: sleeping through the night." Her sleep plan has been tested with singletons, twins, triplets, babies with special needs, and colicky babies—and it has never failed. Whether you are pregnant, first-time parents, or parents who seek a different path with your second or third child, anyone can benefit from the Baby Coach's popular system of regular feeding times, twelve hours of sleep at night and three hours of sleep during the day, and the peace of mind that comes with taking the parent and child out of a sleep- deprived world.

The Baby Sleep Book Martha Sears 2008-12-14 Everything you need to know about getting your baby or toddler to sleep -- from America's foremost baby and childcare experts. Babies don't automatically know how to sleep through the night; they need to be taught. The Sears family has learned from decades of pediatric practice, bolstered by their own parenting experiences, that different babies have different nighttime temperaments -- and, of course, different families have different lifestyles. Instead of espousing the kind of "one method fits all" approach advocated in other baby sleep guides, the Sears family explains how you can create a sleep plan that suits the needs of your entire family. With a sharp focus on the practical tools and techniques, The Baby Sleep Book covers such topics as: The facts of infant sleep vs. adult sleep Figuring out where, when, and how your child sleeps best Fail-safe methods for soothing a crying infant How to make night nursing easier, and how to stop Nighttime fathering tips Whether co-sleeping makes sense for you Nap-time strategies that work Medical and physical causes of night waking Sleep habits in special situations such as traveling, teething, and illness

Hooked Joe S. McIlhaney, Jr. 2008-08-01 Society tells us that sex is an act of self-expression, a personal choice for physical pleasure that can be summed up in the ubiquitous phrase: “hooking up”. Millions of American teenagers and young adults are finding that the psychological baggage of such behavior is having a real and lasting impact on their lives. They are discovering that “hooking up” is the easy part, but “unhooking” from the bonds of a sexual relationship can have serious consequences. A practical look into new scientific research showing how sexual activity causes the release of brain chemicals, which then result in emotional bonding and a powerful desire to repeat the activity. This book will help parents and singles understand that “safe sex” isn't safe at all; that even if they are protected against STDs and pregnancy, they are still hurting themselves and their partner.
