The Ape that Understood the Universe Steve Stewart-Williams 2019-11-21 The Ape that Understood the Universe is the story of the strangest animal in the world: the human animal. It opens with a question: How would an alien scientist view our species? What would it make of our sex differences, our sexual behavior, our altruistic tendencies, and our culture? The book tackles these issues by drawing on two major schools of thought: evolutionary psychology and cultural evolutionary theory. The guiding assumption is that humans are animals, and that like all animals, we evolved to pass on our genes. At some point, however, we also evolved the capacity for culture - and from that moment, culture began evolving in its own right. This transformed us from a mere ape into an ape capable of reshaping the planet, travelling to other worlds, and understanding the vast universe of which we're but a tiny, fleeting fragment. Featuring a new foreword by Michael Shermer.

Rules of the Game Neil Strauss 2012-05-01 If you want to play the Game, you've got to know the Rules. In his international bestseller *The Game*, Neil Strauss delved into the secret world of pick-up artists—men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of *The Game*, and the world's No. 1 PUA, as *Style*. Now, in this bestselling companion, Strauss reduces three books of life-changing knowledge into a single-volume set. The first book, *The Stylelife Challenge*, breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to meet and land the women of their dreams. In the second book, Strauss takes readers into the dark side of *The Game*. The *Style Diaries* offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician's granddaughter into a threesome; to the stress and frustration of the torturous and highly unorthodox "30 Day Sex Experiment," *The Style Diaries* takes you further into the seduction underworld than ever before. Finally, in the all-new, updated third volume, Strauss collects the greatest, most powerful, field-tested, word-for-word routines. You don't need money, looks, or fame to succeed with women. All you need is an understanding of how attraction works—and this thirty-day workout program for your social skills, which has already guided countless men from frustration to fulfillment.

The Trial Avery Hayden 2017-03-23 She was a professional model, long legs, high cheekbones, stunning red hair. And she was leaning in to kiss me! I was sixteen, this was going to be my first kiss... As her lips approached mine, I literally turned away, and then I nervously scurried out of the room. I didn't see her again for weeks (and I never ended up kissing her). Why did I do this? Because, like many modern men, I was insecure about my sexuality, I was afraid of rejection, and I lacked self-confidence. All I wanted was romantic connection, but I couldn't be vulnerable, and as a result, I spent 19 years without a woman's touch. I started reading articles and watching videos about how to pick up girls, I learned all the techniques, and spent years practicing them. But the techniques didn't work, because as men, we don't need tricks to create attraction. We need to learn how to face our fears and be vulnerable. But it's hard, it took me years to learn how to genuinely connect with women on my own. This is the book I wish I had: the book that would have cut years off my learning curve. Instead of teaching you how to build attraction, *The Trial* is a step-by-step guide to overcoming your insecurities by facing them directly. Through following the steps, you will learn... The three-step process to enter a state of total self-confidence in which all of your fears become meaningless. How to have an engaging conversation with anyone you meet. How to gain so much value from rejection that you will literally look forward to being turned down. How to use a website created by Harvard scientists to force yourself to succeed in any goal, dating or otherwise. How to overcome your insecurities and demolish your fears through a scientifically proven technique. The reason most people never improve (and how to be the exception) This book contains a set of carefully constructed challenges, each one will push you further outside of your comfort zone. If you complete the challenges, your success is guaranteed. In fact, if you read this book and don't get the results you want, I will personally give you a gift worth over \$100 as an apology. But I know I won't have to: so long as you can answer yes to one important question: Are you ready to take massive action?

Mate Tucker Max 2015-09-15 The #1 bestselling pioneer of "fratire" and a leading evolutionary psychologist team up to create the dating book for guys. Whether they conducted their research in life or in the lab, experts Tucker Max and Dr. Geoffrey Miller have spent the last 20+ years learning what women really want from their men, why they want it, and how men can deliver those qualities. The short answer: become the best version of yourself possible, then show it off. It sounds simple, but it's not. If it were, Tinder would just be the stuff you use to start a fire. Becoming your best self requires honesty, self-awareness, hard work and a little help. Through their website and podcasts, Max and Miller have already helped over one million guys take their first steps toward Ms. Right. They have collected all of their findings in *Mate*, an evidence-driven, seriously funny playbook that will teach you to become a more sexually attractive and romantically successful man, the right way: No "seduction techniques," No moralizing, No bullshit. Just honest, straightforward talk about the most ethical, effective way to pursue the win-win relationships you want with the women who are best for you. Much of what they've discovered will surprise you, some of it will not, but all of it is important and often misunderstood. So listen up, and stop being stupid!

The Game Neil Strauss 2012-05-01 Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym *Style* to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. *The Game* is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.

Models Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving a F*ck*, a self-help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bulls* and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck... He's as painfully honest as he is outrageously funny" Huffington Post

Lying Sam Harris 2013-10-23 As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In *Lying*, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

Xy Elisabeth Badinter 1997 Examining changing role models for masculine identity—from cowboy in the 1950s to Terminator in the 1990s, from flesh-and-blood man to machine—this book suggests that men need new role models and that sufficient room needs to be left for the expression of male vulnerability, a psychic space that would accept attitudes and behaviors traditionally labeled as "feminine." This new model, Badinter argues, may reduce the profound effects of homophobia and misogyny.

Fundamentals of Female Dynamics Michael Knight 2016-03-08 A mature guide to attraction that is neither insulting to women nor to the intelligence of its readers. While written for a general audience, this text caters especially to those with technical backgrounds. Logically minded individuals, such as engineers and computer programmers, are generally among the most befuddled when it comes to attracting women. While attraction and seduction are more of an art than a science, this text breaks down and delineates the most critical and fundamental concepts. Inside this book you will not find pick-up lines, routines, gimmicks, tricks or manipulative mind games. While other resources provide surface level advice, this book tackles attraction on a first principles basis. By understanding how attraction works on the deepest level, you will learn to address the causes of your issues rather than just how to cover up the symptoms. That is, you will learn to become an attractive man, not just how to act like one.

Models Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving a F*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullshit and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck... He's as painfully honest as he is outrageously funny" Huffington Post

Will Will Smith 2021-11-09 The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir... An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller The Subtle Art of Not Giving a F*ck, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

The Subtle Art of Not Giving a F*ck Mark Manson 2016-09-13 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F*ck positivity," Mark Manson says. "Let's be honest, shit is f*cked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F*ck is his antidote to the codding, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a F*ck about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F*ck is a refreshing slap for a generation to help them lead contented, grounded lives.
