Teachers of particular languages working on their own can use the ELP to promote learner autonomy, but the goals of intercultural awareness and plurilingualism invite us to use the ELP in all foreign language classes at all levels in the school. The guide introduces the language education policy that underpins the ELP, explores the key concepts that it embodies, and explains how to plan, implement and evaluate whole-school ELP projects. The ten case studies published on the project website illustrate various dimensions of ELP use and include practical suggestions and activities for teachers and learners.

Tagalog Stories for Language Learners Joi Barrios 2021-10-05 The most enjoyable way to learn about an unfamiliar culture is through its stories—especially when they're told in two languages! This book introduces 40 stories from the Philippines through bilingual Tagalog and English texts presented on facing pages. Paired with cultural notes, vocabulary lists, exercises, comprehension questions and free online audio recordings, Tagalog Stories for Language Learners is an excellent resource for intermediate language learners. This compilation includes a mix of traditional folktales retold for a modern audience, as well as several well-known works of contemporary Philippine literature. Along the way, you will meet fabulous mythological characters like the Bagobog goddess Mebuyan and the shape-shifting Aswang. Other characters cope with day-to-day issues, such as the domestic worker who cannot find her keys and a beauty queen who leaves behind her comfortable city life in order to help peasants in the countryside. Four of the stories are by well-known Filipino writers and are presented in complete or partially condensed form. These include: Estrangeritis by Inigo Ed. Regalado (1907)—The writer is critical of Filipinos who exalt all things foreign while, in fact, benefitting from their own land but unappreciative of their national culture. Desire by Paz Latorena (1928)—The story of a Filipino woman who has to deal with the narrow-mindedness of a foreigner who is far more interested in her body than in her personality. Greta Garbo by Deogracia Rosario (1930)—Monina, who looks like Greta Garbo, plans a weekend getaway with her beau, only to be left at the station waiting, and later discovers he has gone on a honeymoon! Maria Elena Paterno's Sampaguita (1991)—Two popular legends about the Sampaguita (Philippine jasmine flower) which touch on the themes of courage and forbidden love. Stories from different periods are presented so learners get a feel for authentic Filipino texts.

Mundo 21 Fabián A. Samaniego 2000-05-01 Using a content-based, student-centered approach, Mundo 21 emphasizes communication, pair and group work, learning in context, and critical-thinking skills. Except for the grammar explanations, the text is written entirely in Spanish, exposing students on a consistent basis to natural language. Offering a grammar manual written entirely in Spanish, Mundo 21, Edición alternativa, is suitable for heritage learner courses as well as for courses conducted in Spanish. Intended to broaden students' cultural competency, Mundo 21, 2/e, is organized around eight geographically oriented units covering the world's 21 Spanish-speaking countries and diverse Hispanic populations. In addition, each lesson (three per unit) contains a cultural vignette followed by a short exercise. Vivid photographs of people, places, and art work illustrate each lesson to enrich students' experience with Hispanic culture. Images accompanying each Lectura provide important clues and context to heighten comprehension. The Gente del Mundo 21 section at the beginning of the lessons profiles three noteworthy personalities in the arts, literature, sports, and the entertainment industry of the country featured. Each Del pasado al presente reading provides a brief historical and cultural overview of the country under study, accompanied by an A ver si comprendiste! activity. Each unit contains a literary reading in Y ahora, a leer!, accompanied by an extensive pre-reading apparatus, Anticipando la lectura; post-reading support, Comprende la lectura? which checks comprehension and encourages analysis and discussion; a new feature, Introduccion al analisis literario; and an additional creative writing activity. Cultura en vivo sections provide a cultural context for the thematic, interactive vocabulary sections, Mejoremos la comunicacion. A conversal! sections reinforce the new vocabulary through pair and group activities. Palabras claves sections focus on a key word from the Cultura en vivo reading and prompt student interaction with the vocabulary. Escribamos ahora sections, appearing at the end of Lesson 2 in each unit, provide an innovative process approach to developing writing skills and organizational techniques that helps students produce a well-developed composition. An end-of-text Manual de gramatica, cross-referenced to the text and designed for independent study, offers review and practice of the grammatical structures in meaningful contexts. Supported by Luz! Camaral Accion! sections in the text, the 60-minute Mundo 21 Video offers authentic footage, documentaries, travelogues, music, and other cultural features from various regions of the Hispanic world. Exploremos el ciberespacio sections at the end of each lesson direct students to the Mundo 21 Web Site, which features web-search activities, auto-correcting self-tests, and a resources section for additional research.

Scivias a Journey Into the Images of Hildegard Von Bingen Hildegard von Bingen 2019-07-18 SCIVIAS (Know the Ways) is the story of the journey in which the humanity, or bright stars in Eve's womb, join with the stars in the sky, a possibility offered to each soul, to return back to the Light of the origins of the Earth. An experience belonging to Hildegard in her visions and narrated, in obedience to the voice of God, leaving behind her fears, in a precious manuscript where images make the story come alive. The complexity of the prophetic text is difficult for our present times to access, leaving the images enveloped in a kind of symbolism that is hard to decipher. A Journey into the Images of Hildegard von Bingen is born in the hopes of satisfying this desire for knowledge, revealing the Ways the title of the work promises, in a reading guided by images. The central pages present the 35 original-size miniature reproductions with alongside a key that easily illustrates the symbolic meaning and a concise description of the vision. These Plates that offer a grammar of symbols are followed by richly illustrated pages of rhetoric, a themed reading that crosses the entire work where the details of the figures are highlighted against the miniatures. Here each element of the images - colours, frames, forms, numbers - is not random and, after crossing the threshold, leads inside the work. All seems interrelated and connected in an admirable unitary design where the traveller may virtually enter thanks to an accurate 3D reconstruction. The numerous quotations in the text let us be accompanied on this journey by the living voice and figure of this Saint and Doctor of the Church, narrated in the initial Portrait, a real witness to the possibility of walking along the Ways.
